CORE TEAM ROLE · LUMINOUS MYSTERIES · THE TRANSFIGURATION

FRONTEND ENGINEER (REACT AND NEXT.JS)

Builds the website, the admin portal and the web version of Youkaris.

ROLE	Frontend Engineer (React and Next.js)
MYSTERY	Luminous Four: The Transfiguration
TEAM	Technology
EXPERIENCE	Experience required. Onboarding provided
REPORTS TO	Technology Lead
WHERE	Online, from anywhere
TIME	All day Sunday, then project-based with no fixed hours
TYPE	Unpaid volunteer role on the core team. Not a job and not full-time

ABOUT US

Strangers for Mary is a network of Marian devotees who carry one another to Jesus.

Technology builds and runs Youkaris, the admin portal and the website: the systems that let a prayer typed in one country land safely in another. We build with a lot of AI assistance, so we look for engineers who can design systems, judge what AI produces and own what ships.

WHY THIS MYSTERY

At the Transfiguration, the disciples saw clearly who Jesus is. This role builds the windows through which the world, and our own team, see the network clearly.

THE ROLE

You build for the web: the Strangers for Mary website, the admin portal the core team works in every day, and the web version of Youkaris. The admin portal is where intentions are reviewed by ID, content is managed, priests type their reflections, volunteers are tracked and the team plans its work, so it must be fast, clear and secure.

WHAT YOU WILL DO

- Build and maintain the website in Next.js, including the volunteer and sign-up flows.

- Build the admin portal: content management, intention review by ID, audits, volunteers and tasks.
- Build the web version of Youkaris as a progressive web app.
- Implement role-based access so each team sees only what it needs.
- Keep the web fast, accessible and easy to translate.
- Work with the Product Designer and the Brand and Graphic Designer on every page.

WHAT WE LOOK FOR

You will need

- Mid-level experience: you have shipped and maintained production software, not only tutorials or side projects.
- Solid system design: you can reason about data models, APIs, queues, caching, security, cost and scale, and explain your trade-offs.
- Fluent with AI-assisted development (for example Claude Code or Cursor): you know how to direct it, review what it produces and catch what it gets wrong.
- Strong React experience, with Next.js and TypeScript.
- Experience building dashboards or admin tools with authentication and roles.
- Good HTML and CSS, with a feel for design and accessibility.

It helps if you have

- Experience with progressive web apps and service workers.
- Experience with Firebase on the web.
- Internationalisation on the web.

IN THE INTERVIEW

Applicants may be invited to a short online interview. We will explore:

- Design the screen where Core and Content reviews intentions by ID, and the permissions behind it.
- How you would structure a Next.js app that the website and portal can share.
- Show us a React project you built and maintained.

CURRENT PRIORITIES

- Keep the website and volunteer sign-up live and improving.
- Ship the admin portal by the end of December 2026.

WHAT IT ASKS OF YOU

A daily Rosary

You pray the full Rosary each day and the Strangers' Prayer after it. As a core team member you are among the first reserve strangers, invited to pray an extra Rosary when a stranger's intention would otherwise go unprayed.

Sunday

Sunday is the one firm commitment. Intentions close at 6pm on Sunday and a new week of prayer begins, so core team members keep the whole day for the network, after Holy Mass.

The rest of the week
There are no fixed hours. Work is organised by project on our internal tool, and you make your own time to deliver what you have agreed to deliver.

Training is provided
We train every volunteer in their role. Roles marked "Training provided" are open to people with no experience in the work, as long as you are willing to learn and to deliver. Roles marked "Experience required" need someone who has done the work before; you still receive onboarding.

Where
Online, from anywhere in the world. We meet in person once a year, at the gathering on the last Saturday of October, and you come if you can.

Discretion
Strangers are known by baptism name and member ID. You never seek, share or store anything that could identify a stranger beyond what your role needs.

Unpaid, and not a job
This is a volunteer role. It is not a job and it is not full-time: there is no salary, allowance, stipend or payment of any kind. You give your gifts to Mary's mission alongside your studies, work and family life, and the network gives you a place among the people who build and carry it.

HOW TO APPLY

Apply for this role on the Volunteer page at **www.strangersformary.org**. The application asks a few questions about this role, your CV and your confirmation that you understand this is an unpaid volunteer role, not a job. If the place is filled, we keep your application for when it opens again. Questions can go to **admin@strangersformary.org**.
